WCPSS and NC State University have a new collaborative program for aspiring school leaders! NC State's Wake Principal Leadership Program (WPLP) is radically different from traditional Master of School Administration (MSA) programs. Out of over 700 principal preparation programs, NC State's MSA is ranked as a top principal preparation program in the US and is one of only five programs to have ever earned the distinction of being named an "Exemplary" program by the University Council for Educational Administration. WPLP has been developed as part of the Wallace Foundation's University Principal Preparation Initiative (UPPI), a national movement among seven participating universities to deliver the very best training to prepare principals who will make a difference in the lives of the students in their care. If you want to make a difference, come to NC State where we "Think and Do the Extraordinary!"™

"Co-Designed by WCPSS Leaders to Prepare WCPSS Leaders!"
